Control information sheet: Langsa

Year of data	2020
Number of sampled villages	40
Survey number	1
Interviewer number	1
Supervisor number	1
Date of interview	2020-10-15
Number of attempts to call	1
Result of last call	Completed
Name of respondent	Nyonya Tejono
Relationship to head of household	Wife
Name of enumerator	Ibu Ratna
Name of supervisor	Ibu Ratna
Date of enumerator 1 correspondence to the survey supervisor	2020-10-15
Date of supervisor 1 correspondence to the survey supervisor	2020-10-15
Date of supervisor 1 correspondence to the survey supervisor	2020-10-15
Number of attempts to contact the respondent	1
Number of attempts to contact the supervisor	1
Number of attempts to contact the supervisor	1

Risk factors

	Attitudes	Yes	No	Don't know	Refuse to answer	Not applicable	Not applicable
